Concepción del Uruguay, Argentina • +54 9 3456 622493

victoria.derudder@gmail.com • <https://www.linkedin.com/in/v-derudder/>

EXPERIENCE

Blaise, Argentina – Frontend Developer

10/2022 – present

- Successfully contributed to the development of frontend components using **Vue.js**.
- Demonstrated versatility by undertaking some backend tasks using **Node.js**.
- Effectively engaged in client meetings, understanding requirements and offering valuable insights to align development with client expectations.

Bombieri, Argentina – Frontend Developer

04/2022 – 06/2022

- Redesigned and developed a web application from scratch, showcasing frontend skills using **Ionic+React** and ensuring an intuitive user interface.
- Actively contributed to the **Strapi CMS** integration as the backend solution, effectively managing data storage and retrieval.
- Played a key role at app planning and design, shaping layout, hierarchy, and user experience.
- Exhibited strong teamwork and communication skills, collaborating with teammates to divide tasks, share updates, and overcome challenges collectively.

PROJECTS

PrecioChispa – Frontend Developer

08/2023 – present

- Created a simple app to keep track of product prices in Argentina and calculate estimated USD price. Whenever USD exchange rate changes, it will recalculate the estimated ARS price of the product.
- Developed frontend features using **Nuxt 3 (Vue 3)**.

encarga.shop – Fullstack Developer

01/2021 – present

- Identified market need and conceived a versatile platform for local businesses to easily take orders from clients, exhibiting entrepreneurial spirit.
- Developed core functionalities and a landing page from scratch using **Angular 16** for the frontend and **Node.js** for the backend. The server is under **AWS Lambda/API Gateway** and for database **MongoDB**.
- Showed consistent commitment to project completion by dedicating time to its ongoing development.
